Dear Sirs,

I am writing with regard to the evaluation process of the Institute of Hydrodynamics concerning the period 2015-19. First of all, I would like to appreciate both evaluation commissions participating in our Institute's evaluation process for their objective approach, expended time and effort.

We have studied the all materials thoroughly and we must conclude that we have no objection against the Final Report.

We also hereby declare that the course of Phase II of the Evaluation was consistent with the Methodology of the Evaluation of the research and professional activity of research-oriented institutes of the Czech Academy of Sciences for the period 2015-2019.
